

# Information & Rules

The Arena 1/12 League was founded in February 2018 by Markus Mober and Andreas Reifferscheidt. The „Masters of Foam“ will for sure still exist as a single event, but there was no 1/12 racing series. This will change now!

As name and logo reveal, the races will be held at the Racing Arena Limburg (Sittard/NL) and at the Arena33 (Andernach/GER). Both Arena´s are equipped with the actual ETS-Carpet and offer everything what a racers heart needs.

## Races and Dates:

There will be 4 races in total, which be held alternately in the Arena´s; 2 at the Racing Arena Limburg and 2 at the Arena33. The series will kick off at the coming winter season 2018/2019. For the overall ranking 3 out of 4 races will be counted.

The races will be held preferably as a 2 day-event. But this strongly depends on the numbers of entries. The number of qualification heats will either depend on the number of entries (1 out of 3 or 2 out of 4 by points). All finals will be driven 3 times.

It is planned to tender the races also as qualification races for the german and dutch nationals. We need to check this with the federations (DMC & NOMAC) and will inform you when everything is announceable.

## Classes:

The Arena 1/12 League will be held in 3 classes: 1/12 Mod, 1/12 Stock and 1/12 GT. So there should be one for you.
