

Minutes ELECTRIC SECTIONS – GENERAL.

SATURDAY 6th of November 2021.

1. CHAIRMAN’S WELCOME

Mr’s. Chris Hardisty & Paul Worsley

The Electric Chairmen opened the meeting at
Accompanied by: Frank Mostrey (Vice Chair Off-Road) and Krist Bultynck (Vice Chair Track).

2. APOLOGIES FOR ABSENCE – ELECTRIC GENERAL

Apologies have been received from:

Member Countries present. Section subscription.

3. MINUTES OF 2020 SECTION MEETING

November 2020 – Virtual AGM

Matters arising from the minutes: Accepted by Croatia, seconded by Sweden

The minutes were checked and accepted as written at the AGM 2020 - Accepted by Croatia, seconded by Sweden

The following person was elected to check the minutes of this year: Kai KOIVURANTA SBF

4. CORRESPONDENCE RECEIVED

To be dealt with in Section discussions.

5. RULE PROPOSALS (Does / May affect all Electric Sections)

Note: The EFRA Committee has studied all received proposals and has come to an opinion over each one, The EFRA Section Chairman will inform the floor of such positions.

The following changes that would have replaced the F1 as a participating class at EC's was discussed. There was the feeling that F1 should remain but the rules are replicated, with the following amendments as a whole to facilitate FWD class at ECs.

APPENDIX 3 ELECTRIC CARS

A GENERAL

Current Rule

3.2.

1/10 Touring scale & Formula 1 cars will be driven by a lithium based (LiPo/LiFe) battery with a nominal voltage of no more than 7.6v (LiPo)/ 6.6v (LiFe). Receiver batteries are not allowed.

Proposal

3.2.

1/10 Touring scale & **TC FWD** cars will be driven by a lithium based (LiPo/LiFe) battery with a nominal voltage of no more than 7.6v (LiPo)/ 6.6v (LiFe). Receiver batteries are not allowed.

Remarks

The F1 class is as good as dead. The cost and the quality of the tyres have killed this class. Many of the F1 drivers are now driving TC FWD cars. A class that has a lot of success in Europe and whose tyres are not expensive and of good quality. This class is very recognisable for the spectator and as a publicity class it can give a European Championship more glamour and can give the organiser more registrations.

Proposed by: EFRA, Bultynck Krist

Proposal Status:

Seconded by: o Not Seconded

**The proposal: o Passed Unanimously o Passed with for, against and abstentions.
o Rejected with for, against and abstentions. o Amended**

Current Rule

7.1.1.

European Championships are held in the following classes:
1/10 Off-Road Modified, 2WD & 4WD as separate classes.
1/12 Modified, using no less than 6.5 turn modified brushless and blinky.
1/12 Spec using 13.5 T Spec. brushless and blinky.

1/10 Touring Cars Modified & 1/10 Touring Cars using 13.5T Spec. Brushless
1/10 Formula One using 21.5T Spec. Brushless.

Starting May 2016, only motors included on the EFRA Homologation Lists are allowed at EC and GP events in the above Classes.

Proposal

7.1.1.

European Championships are held in the following classes:

1/10 Off-Road Modified, 2WD & 4WD as separate classes.

1/12 Modified, using no less than 6.5 turn modified brushless and blinky.

1/12 Spec using 13.5 T Spec. brushless and blinky.

1/10 Touring Cars Modified & 1/10 Touring Cars using 13.5T Spec. Brushless

1/10 **Touring Cars Front Wheel Drive** using 21.5T Spec. Brushless **and blinky**.

Starting May 2016, only motors included on the EFRA Homologation Lists are allowed at EC and GP events in the above Classes.

Remarks

Replacement of F1 class by TC FWD using 21.5T Spec. Brushless and Blinky

Proposed by: EFRA, Bultynck Krist

Proposal Status:

Seconded by: o Not Seconded

The proposal: o Passed Unanimously o Passed with for, against and abstentions.

o Rejected with for, against and abstentions. o Amended

Current Rule

Current Rule

7.2.7.

Drivers that finished in the Top 10 at a 1/10 Touring Car Modified European Championship (indoor or outdoor) in the last 2 years are not allowed to participate at the 1/10 Touring Cars 13.5T Spec. Brushless European Championship. At the 1/10 Touring Car modified & 1/10 Touring Car 13.5T Spec. Brushless European Championships drivers are only allowed to enter one of the two classes.

Proposal

7.2.7

Drivers that finished in the Top 10 at a 1/10 Touring Car Modified European Championship (indoor or outdoor) in the last **two championships held** are not allowed to participate at the 1/10 Touring Cars 13.5T Spec. Brushless **and the TC FWD 21.5T Spec. Brushless Blinky** European Championship. At the 1/10 Touring Car modified & 1/10 Touring Car 13.5T Spec. Brushless European Championships drivers are only allowed to enter one of the two classes. **All other drivers may compete in either 1/10 Touring Car Modified and TC FWD or 1/10 Touring Car 13.5T Spec. Brushless and TC FWD.**

Remarks

no further comment necessary

Proposed by: EFRA, Bultynck Krist

Proposal Status:

Seconded by: o Not Seconded

The proposal: o Passed Unanimously o Passed with for, against and abstentions.

o Rejected with for, against and abstentions. o Amended

Current Rule

Current Rule

8.1.2.

1/10th Touring & 1/10th Formula one EUROPEAN CHAMPIONSHIP:

DAY 1:* 09:00 Registration, Open and a minimum 2 timed practice, 2 rounds of controlled Practice and 1 Qualifying Round

DAY 2:* 09:00 1 timed practice (minimum) and 4 Qualifying Rounds

DAY 3:* 09:00 1 Practice Final (minimum) and 3 finals for all

There will be a minimum of 10 min between start of round.

Based on the numbers of participants, this timetable can be changed by the organiser with agreement by the section chairman.

*To be agreed at AGM.

Proposal

8.1.2.

1/10th Touring & 1/10th **TC FWD** EUROPEAN CHAMPIONSHIP:

DAY 1:* 09:00 Registration, Open and a minimum 2 timed practice, 2 rounds of controlled Practice and 1 Qualifying Round

DAY 2:* 09:00 1 timed practice (minimum) and 4 Qualifying Rounds

DAY 3:* 09:00 1 Practice Final (minimum) and 3 finals for all

There will be a minimum of 10 min between start of round.

Based on the numbers of participants, this timetable can be changed by the organiser with agreement by the section chairman.

*To be agreed at AGM.

Remarks

no further comment necessary

Proposed by: EFRA, Bultynck Krist

Proposal Status:

The proposal: o Passed Unanimously o Passed with for, against and abstentions.

o Rejected with for, against and abstentions. o Amended

Current Rule

Current Rule

9.1.4.

Practice heats at 1/10 Touring Car Modified, 1/10 Touring Car 13.5T Spec.Brushless &1/10 F1 European Championships must not be longer than 5 minutes. In between two heats there can be a break of up to 3 minutes maximum.

Proposal

9.1.4.

Practice heats at 1/10 Touring Car Modified, 1/10 Touring Car 13.5T Spec.Brushless &1/10 **TC FWD** European Championships must not be longer than 5 minutes. In between two heats there can be a break of up to 3 minutes maximum.

Remarks

no further comment necessary

Proposed by: EFRA, Bultynck Krist

Proposal Status:

Seconded by: o Not Seconded

The proposal: o Passed Unanimously o Passed with for, against and abstentions.

o Rejected with for, against and abstentions. o Amended

Current Rule

Current Rule

9.4.3.

1/10 Touring Cars & Formula 1:- The Qualifying Heats and Finals will be 5 minutes and the last lap plus the time to complete this last lap up to a max of 40 seconds.

All cars must be cleared by technical inspection before any result can be used for seeding.

At the start of the event at Team Managers Meeting (on Friday morning) it will be decided if the Qualification Rounds will be declared dry or wet based on the weather conditions.

Proposal

9.4.3

1/10 Touring Cars & **TC FWD**:- The Qualifying Heats and Finals will be 5 minutes and the last lap plus the time to complete this last lap up to a max of 40 seconds.

All cars must be cleared by technical inspection before any result can be used for seeding.

At the start of the event at Team Managers Meeting (on Friday morning) it will be decided if the Qualification Rounds will be declared dry or wet based on the weather conditions.

Remarks

APPENDIX 3 ELECTRIC CARS

B REQUIREMENTS FOR ELECTRIC ON ROAD CLASSES

Current Rule

2.1.

Any newly homologated bodies must have the part number moulded into the front windscreen. For 1/10 Formula One Spec class, no body homologation is required.

Proposal

Any newly homologated bodies must have the part number moulded into the front windscreen.

Remarks

A body used in the TC FWD class must also be homologated.

Proposed by: EFRA, Bultynck Krist

Proposal Status:

Seconded by: o Not Seconded

**The proposal: o Passed Unanimously o Passed with for, against and abstentions.
o Rejected with for, against and abstentions. o Amended**

Current Rule

2.3.

No portion of chassis, wheels and tyres, or equipment may extend beyond body except to the rear. (Exception - Formula car suspension chassis and abbreviated bodies with no engine cover).

Proposal

No portion of chassis, wheels and tyres, or equipment may extend beyond body except to the rear.

Remarks

no further comment necessary

Proposed by: EFRA, Bultynck Krist

Proposal Status:

Seconded by: Not Seconded

**The proposal: Passed Unanimously Passed with for, against and abstentions.
 Rejected with for, against and abstentions. Amended**

Current Rule

7.1.1.

Only bodies that comply to the body guideline for 1:10 electric touring car bodies as per drawings in this handbook of real touring cars that have a minimum length of 4200mm in the original car are allowed. No GT or Sports car bodies allowed. All Touring car bodyshells to be submitted to the EFRA Bodyshell Homologation officer for approval.

Proposal

Only bodies that comply to the body guideline for 1:10 electric touring car **bodies and TC FWD** bodies as per drawings in this handbook of real touring cars that have a minimum length of 4200mm in the original car are allowed. No GT or Sports car bodies allowed. All Touring car **and TC FWD** bodyshells to be submitted to the EFRA Bodyshell Homologation officer for approval.

Remarks

TC FWD bodyshells needs to be homologated

Proposed by: EFRA, Bultynck Krist

Proposal Status:

Seconded by: Not Seconded

**The proposal: Passed Unanimously Passed with for, against and abstentions.
 Rejected with for, against and abstentions. Amended**

Current Rule

7.3.3.

Tyre Allowances.

For Spec Class -2 sets of 4 dry weather tyres (rubber) are allowed for qualifying.

Tyres from qualifying may be used in the finals.

For Modified Class: 3 sets of 4 dry weather tyres are allowed for qualifying.

For Formula Class - 1 set of 4 dry weather tyres (rubber) is allowed for qualifying and 1 additional set of rear dry weather tyres is allowed for the finals.

Proposal

Tyre Allowances.

For Spec Class -2 sets of 4 dry weather tyres (rubber) are allowed for qualifying.

Tyres from qualifying may be used in the finals.

For Modified Class: 3 sets of 4 dry weather tyres are allowed for qualifying.

For **TC FWD** Class - 1 set of 4 dry weather tyres (rubber) is allowed for qualifying .

Remarks

no further commentary needed

Proposed by: EFRA, Bultynck Krist

Proposal Status:

Seconded by: o Not Seconded

**The proposal: o Passed Unanimously o Passed with for, against and abstentions.
o Rejected with for, against and abstentions. o Amended**

Current Rule

8

Particular to 1/10 Formula One Spec Cars

Proposal

Particular to 1/10 Touring Cars Front Wheel Drive

Remarks

no further commentary needed

Proposed by: EFRA, Bultynck Krist

Proposal Status:

Seconded by: o Not Seconded

**The proposal: o Passed Unanimously o Passed with for, against and abstentions.
o Rejected with for, against and abstentions. o Amended**

Current Rule

8.1.

Cars specification

Maximum width: 190 mm

Front independent king pin, coil spring suspension is allowed. Suspension pick up points must be mounted inside the body. Independent front shocks are not allowed. The main chassis plate must not protrude from the body when viewed from above.

Minimum weight = 1050 grams including personal transponder.

Proposal

Cars specification

Maximum overall width:195 mm

Minimum weight = 1250 grams including personal transponder

Wing: maximum wing size including endplates:180mm wide and must be cut on the lines provided by the manufacturer. Wings to be mounted directly to the body (no spacer between shell and wing), on the moulded mounts provided at the back of the shell.

All features (front splitter/bumpers) from the original moulding must remain on the shell.

TC FWD car has to be only front wheel drive, four independently sprung wheels. The use of multiple-speed transmissions (gearbox) and slipper clutches is not allowed. No drive system may be connected to the rear wheels. The dimensions of the car are within the 1/10th Touring car FWD dimensions.

All electronic components (including motor, ESC and battery) must be contained entirely within the bodyshell, but otherwise the position of these items within the car and the general chassis layout is free.

Remarks

specifications

Proposed by: EFRA, Bultynck Krist

Proposal Status:

Seconded by: o Not Seconded

The proposal: o Passed Unanimously o Passed with for, against and abstentions.

o Rejected with for, against and abstentions. o Amended

Current Rule

8.4.

Bodies:

Only Formula 1 body styles are allowed. Body must be painted in a race inspired theme. Single color themes are allowed but you must include the sticker sheet to detail the car.

All cars must have a driver's figure installed in the cockpit.

Proposal

Bodies:

Only bodies that comply to the body guideline for 1/10th TC FWD as per drawings in this handbook of real TC FWD 5-doors that have a minimum length of 4200mm in the original car are allowed. No GT or Sports car or 4-door sedan bodies are allowed. All TC FWD bodysells to be submitted to the EFRA Bodysell Homologation Officer for approval.

Remarks

no further commentary needed

Proposed by: EFRA, Bultynck Krist

Proposal Status:

Seconded by: o Not Seconded

The proposal: o Passed Unanimously o Passed with for, against and abstentions.

o Rejected with for, against and abstentions. o Amended

Current Rule

8.5.

Wings:

Front and rear wings must be commercially available and made of a molded ABS Style plastic. and to a design to be decided at the AGM. Front and rear wings made of Lexan material will not be allowed (this includes bolt on Lexan front wings over a smaller ABS plastic wing).

Wings equipped with any type of remote adjustment or DRS are not allowed.

Maximum height of any part of the rear wing cannot exceed highest point of the body . Any bolt-on, glued-on or moulded-in elevation on the body is to be ignored for the rear wing maximum height measurement.

Proposal

Wings:

The rear wing must be commercially available and made of lexan only. The rear wing may have a maximum width of 180mm and must be cut on the lines indicated by the manufacturer.

No other kind of wings on the bodysell are allowed.

Remarks

specifications

Proposed by: EFRA, Bultynck Krist

Proposal Status:

Seconded by: o Not Seconded

The proposal: o Passed Unanimously o Passed with for, against and abstentions.

o Rejected with for, against and abstentions. o Amended

APPENDIX 4 LITHIUM BATTERIES FOR ALL ELECTRIC CLASSES - TECHNICAL, RACE PROCEDURES & HOMOLOGATION. BRUSHLESS MOTORS 05 SIZE FOR 1/12th AND 1/10th ELECTRIC CLASSES.

Current Rule

4.11.

The winding: Delta and Y wounded stators are permitted. Only circular (round) pure copper is permitted. There is no turn limit, but individual Classes may restrict the number of turns to a specific minimum.

Proposal

The winding: Delta and Y wounded stators are permitted. Only circular (round) pure copper is permitted. There is no turn limit, but individual Classes may restrict the number of turns to a specific minimum. **No solid glue or 'filler' can be added to the wires of the final winding assembly . When the stator has been 'cut' to gain access to the wires, unwinding of the wires must be possible by normal 'hand' procedures. A small amount of lacquer added to the winding is allowed, providing unwinding by hand is possible.**

Remarks

It must be possible to unwind the wires from the stator by simple 'hand' procedures to check wires and stator laminates

Proposed by: EFRA, Worsley Paul

Proposal Status:

Seconded by: ...NL..... o Not Seconded

**The proposal: o Passed Unanimously o Passed with for, against and abstentions.
o Rejected with for, against and abstentions. o Amended**

Current Rule

4.15.

The Winding: Only three slot (phase) 'Y' (star) wound stators are allowed. No delta wound stators allowed. Only circular (round) pure copper wire permitted.

The three slots of the stator must be wound with: -

21.5T Class:- 21.5 turns of - 2 wires at: 0.724 mm. maximum wire dia.

17.5T Class:- 17.5 turns of - 2 wires at: 0.813 mm. maximum wire dia.

13.5T Class:- 13.5 turns of - 2 wires at: 0.724 mm. maximum wire dia.
and - 2 wires at: 0.574 mm) maximum wire dia.

10.5T Class: - 10.5 turns of - 2 wires at: 0.813 mm. maximum wire dia.
and - 2 wires at: 0.643 mm) maximum wire dia.

Wire dimensions are before lacquer coating.

The electrical circuit through the windings can only be from the ends of the wires forming the designated number of turns. NOTE: The above metric wire diameter sizes are direct equivalents to the nominal AWG sizes previously shown. (Reference to AWG sizes removed for simplicity).

Proposal

Other persons present:

3. MINUTES OF 2020 SECTION MEETING

November 2020 –Virtual AGM:

Matters arising from the minutes: None

The minutes were accepted as written at the AGM 2020. Minutes accepted as per. General Section.

The following person was elected to check the minutes of this year: Kai KOIVURANTA SBF

4. CORRESPONDENCE RECEIVED

Paul reported that there was no correspondence except from a few queries regarding the possibility of the EC taking place.

5. CHAIRMAN'S REPORT

With NO EFRA events taking place in 2021, there is zero to report. But I do hope that some normality can take place in 2022 and I wish all Federations success in achieving this.

6. EC AND GP'S 2022

No applications: All the already elected events moved up to 2022.

Provisional Race calendar 2022

Year/Date	Alt. Date	Status	Country	Venue
2022 May 06-08		IR (maybe W/Up)	United Kingdom	Nottinghamshire Retford(RHR)
2022 June 24-26		IR (maybe PR)	Belgium	Kamphenhout
2022 June 27- July 02		EC	United Kingdom	Nottinghamshire Retford(RHR)

BRCA questioned the close dates between the IR race at Kampenhout and the EC at RHR (UK), especially due to possible Covid Test requirements that could cause isolation issues. Paul W explained that Kampenhout could not move due to being part of large show and the EC at RHR could not move forward or backward by a week due to clashing with other EC's. Paul W. Reported that he had tried to get another EC moved to allow a larger interval, but this was not successful and the number of drivers involved that would likely do both events would maybe only be 4/6.

Future Race calendar Championships

Year/Date	Alt. Date	Status	Country	Venue
2023		EC	Netherlands	Utrecht

Recommendation for 2024: Malmo Sweden

Nominated Tyres for the 1/10th Off-Road EC 2022:

Rear – Schumacher Dart, compound Yellow, Part # U6826. Insert MC0005

4WD Front – Schumacher Dart, compound Yellow, Part # U6825. Insert MC0004

NOTE: The above tyre and compound was nominated for the original 2020 event, it is possible that this could be reviewed, but will be confirmed by the end of Dec.

See AOB below for further ideas regarding tyre compound choice.

Allocations were made to each country as printed in the table form under item 2 on the agenda.

All Federations MUST confirm their FINAL Allocation Numbers for each event to the relevant Section Chairman by 21st. January 2022 LATEST.

7. RULE PROPOSALS.

No proposals have been submitted.

8. ELECTION OF SECTION CHAIRMAN.

The Vice Section Chairman will not re-stand.

Frank Mostery had decided to not continue with a position on the EFRA Board.

Paul W. thanked Frank for all the years of serving EFRA and all the work he had done for the Off-Road Section and for EFRA in General. Frank has been an integral part of EFRA for over twenty years and been involved in the RC sport for some 40+ years. Frank will be missed but certainly not forgotten.

9. ANY OTHER BUSINESS.

Chairman reported that there had been discussions with the 2022 EC Organisers (Robin Hood Raceway) regarding nominated tyres.

Off-Road rules require that one single tyre, compound and insert are used. But we know that the weather in UK is unpredictable and to have six continuous days without rain needs some 'luck'.

To have one tyre compound would need to be a compromise that would result in a choice that would not be ideal for wet or dry conditions. The organiser has suggested we amend the rule for this particular event to have one single tyre design but allow two different compounds to accommodate wet and dry conditions.

Tyres have to be purchased at the event, so only the tyre compounds needed would have to be purchased by competitors. The manufacturer can guarantee that enough numbers of both compounds would be available.

This is not an official rule proposal, so needs to be treated as a discussion topic. If the meeting considers this suggestion is viable, then it is possible that a postal vote could be conducted to amend the rule for the 2022 event.

Lots of discussion on this suggestion. Many Federation members were concerned that drivers would need to purchase additional tyres in case they were needed in a hurry. Many members were concerned that drivers not familiar with the track surface would not know when to change from a dry to wet tyre (or wet to dry). The general feeling of the members was that the current rule of one tyre, one compound, should be maintained, then all drivers would have the same situation.

Paul W. asked for a final view regarding if a postal vote should be done – no members supported this suggestion.

10. ITEMS FOR GENERAL DISCUSSION.

The Section Chairman thanked all participants for a constructive meeting, and being no further business the meeting was closed at –

MEETING TO CONTINUE WITH ELECTRIC TRACK SECTION MEETING.
